## BOUNTYBLOK.IO

bountyblok.io's APIs allow your team to create challenges and tasks to further engage your users. Increase their activity within your web or mobile apps through minimal effort and integration. Create a challenge, define some rules, and earn achievements.

The screenshot shows the bountyblok.io website with a dark blue header featuring the logo, a 'NEW API VERSION 1.0' badge, and navigation links for CASE STUDIES, PRICING, TELEGRAM, LOGIN, and a 'REQUEST A DEMO' button. The main content area has a light blue background with the heading 'Gamification powered on the blockchain.' and a subheading 'Powering third-party applications, NFT artists, brands and more. Create challenges and tasks that utilize gaming mechanics to motivate and promote user engagement.' Below this is a purple button for 'REQUEST A DEMO' and a link to 'CASE STUDIES'. To the right is an isometric illustration of a blockchain network with nodes, a trophy, a flag, and a chat bubble. At the bottom, the text 'Gamification + Blockchain. Re-imagined.' is followed by a paragraph describing the platform's capabilities.

# NFT DISTRIBUTION TOOL

[DROP.BOUNTYBLOK.IO](https://drop.bountyblok.io)

Feature-rich distribution tool allowing you to distribute thousands of NFTs to your followers in just a few clicks. Reward users who completed a typeform, engaged with a Tweet, are holding certain NFTs, completed entire sets, and more.

The screenshot displays the 'bountyblok.io / NFT DROP TOOL' interface. At the top, a yellow warning banner states: 'Only send NFTs to accounts that have previously shown interest in your project and know who you are. Spamming is not tolerated and access will be revoked.' Below this, a 'WAX' section shows the account '3ekaw.wam' with a progress bar for 'RAM 2.94 KB / 5.37 KB' at 55%, and a 'Disconnect' button. The main section is titled 'Load Accounts' with a 'NEXT →' button. It includes a 'Load Accounts By' dropdown set to 'Accounts by Template'. The 'Include Accounts' section has a 'Search By Template' dropdown. The 'Holding Template IDs' field is set to 'Comma-Separated' with a warning icon, and the 'Holding Qty' is set to '0'. The 'Burned Template IDs' field is also set to 'Comma-Separated'. There is a checkbox for 'Unique Accounts Only'. The 'Exclude Accounts' section has a 'Search By Template' dropdown. The 'Excluded Template IDs' field is set to 'Comma-Separated'.
